

# MATERIAL SAFETY DATA SHEETS

## SECTION I

### PRODUCT AND COMPANY IDENTIFICATION

Product: 200 Proof Ethyl Alcohol  
USP/ACS/EP/Grain/Synthetic/Kosher  
This MSDS is valid for all grades and catalog #'s

Synonyms: Ethyl Alcohol Absolute; Dehydrated Ethanol;  
Anhydrous Ethanol; Methylated Spirits; Ethyl Alcohol  
100%

Formula: CH<sub>3</sub>CH<sub>2</sub>OH

Manufacturer: PHARMCO-AAPER.  
58 Vale Road  
Brookfield, Connecticut 06804  
Phone (203) 740-3471  
Fax (203) 740-3481

1101 Isaac Shelby Drive  
Shelbyville, KY 40065  
Phone (502) 633-0650  
Fax (502) 633-0685

Emergency Contact:  
CHEMTREC 1-800-424-9300

## SECTION II

### COMPOSITION /INFORMATION ON INGREDIENTS

%wt	Material	CAS	Exposure Limits
100%	Ethanol	64-17-5	1000ppm TWA

## SECTION III

### HAZARDS IDENTIFICATION

**Carcinogen Status:** Not classifiable as a human carcinogen

**Routes of Exposure:**

Swallowing: May cause dizziness, faintness, drowsiness, decreased awareness or responsiveness, nausea, vomiting, staggering gait, lack of coordination, and coma

Skin Absorption: No harmful affects with normal skin.

Inhalation: High vapor concentration may cause burning sensation in nose and throat and stinging and watering in the eyes. At concentrations which cause irritation, dizziness, faintness, drowsiness, nausea and vomiting may also occur.

Skin Contact: No evidence of harmful effects from available information.

Eye Contact: May cause irritation including stinging, tearing, and redness.

Effects of Repeated Overexposure: Long term repeated oral exposure to ethanol may result in the development of progressive liver injury with fibrosis

Other Health Hazards: Repeated ingestion of ethanol by pregnant mothers has been shown to adversely affect the central nervous system of the fetus, producing a collection of effects which together constitute fetal alcohol syndrome.

These include mental and physical retardation, disturbances of learning, motor and language deficiencies, behavioral disorders and small size head.

**Medical Conditions Aggravated by Overexposure:**

Repeated exposure to ethanol may aggravate liver injury produced from other causes.

## SECTION IV

### FIRST AID

Obtain medical attention for all cases of over-exposure.

**Swallowing:** If patient is fully conscious, give two glasses of water. Induce vomiting. Obtain medical attention.

**Skin:** Wash skin with soap and water for at least 15 minutes  
**Inhalation:** Remove to fresh air; Give artificial respiration if not breathing; If breathing is difficult oxygen may be given by qualified personnel; Obtain medical assistance is discomfort persists.

**Eye Contact:** Flush eyes with water for at least 15 minutes.

**Note to Physician:** Symptoms vary with alcohol level of the blood. Mild alcohol intoxication occurs at blood levels between 0.5-.15%. Approximately 25% of individuals show signs of intoxication at these levels. Above .15% the person is definitely under the influence of ethanol; 50-95% of individuals are clinically intoxicated at these levels. Severe poisoning occurs when the blood is ethanol level is 0.3-0.5%. Above 0.5% the individual will be comatose and death can occur. The unabsorbed ethanol should be removed by gastric lavage after intubating the patient to prevent aspiration. Avoid the use of depressant drugs or the excessive administration of fluids.

## SECTION V

### FIRE FIGHTING MEASURES

Fire/Explosive Properties

OSHA/NFPA Class IB Flammable Liquid

Flash Point: 58F (14C) Tag Closed Cup

70F (21C) Tag Open Cup

Flammable Limits in Air: 3.3 - 19.0% (by volume)

Flammability Classification: 3 (NFPA), 3 (HMIS)

Extinguishing Media: Apply alcohol-type or all-purpose foam by manufacturer's recommended techniques for large fires. Use carbon dioxide or dry chemical media for small fires.

Special Fire Fighting Procedures: Use water spray to cool fire-exposed containers and structures; Use water spray to disperse vapors - re-ignition is possible; Use self-contained breathing apparatus and protective clothing.

Unusual Fire and Explosion Hazards:

- ♦ Vapors may travel to source of ignition and flash back.
- ♦ Vapors may settle in low or confined spaces.
- ♦ May produce a floating fire hazard.

- ♦ Static ignition hazard can result from handling and use.

#### SECTION VI

##### SPILL/ACCIDENTAL RELEASE MEASURES

Small spills can be flushed with large amounts of water.  
Large spills: Eliminate all ignition sources; ground all equipment; do not walk through spill; stop spill if possible; prevent entry into sewers, confined spaces, etc.; use a vapor suppressing foam to reduce vapors; absorb spill with non-combustible matter and transfer to containers; use non-sparking tools to collect absorbed material.

#### SECTION VII

##### HANDLING AND STORAGE

- ♦ Flammable material - keep away from heat, sparks, and flame; sudden releases of hot organic vapors or mists from process equipment operating at elevated temperature may result in ignitions without the presence of obvious ignition sources.
- ♦ Avoid contact with eyes.
- ♦ Keep container closed.
- ♦ Use with adequate ventilation.
- ♦ Ground container when transferring product.
- ♦ Vapors may collect in containers; treat empty containers as hazardous.
- ♦ Wash thoroughly after handling
- ♦ Vapors may settle in low or confined areas

#### SECTION VIII

##### EXPOSURE CONTROLS / PERSONAL PROTECTION

Ventilation: Special, local ventilation is needed where vapors escape to the workplace air  
Respiratory Protection: Use self-contained breathing apparatus in high vapor concentration  
Personal Protective Equipment: gloves, lab coat or uniform, safety glasses, eyewash, safety shower

#### SECTION IX

##### PHYSICAL AND CHEMICAL PROPERTIES

Appearance: clear, colorless liquid  
Odor: characteristic  
Vapor pressure @ 20C: 48 mm Hg  
Vapor density: 1.6 (air =1)  
Boiling point @ 760mm Hg: 77.1C (170.8F)  
Freezing Point: -144C (-227.2F)  
Solubility in Water: 100% @ 20C  
Specific Gravity : 0.7906 @ 20/20C  
Density @ 15.56C (60F) 6.61lbs/gal  
Evaporation Rate: 3.3 (butyl acetate = 1)  
Percent Volatiles: 100%

#### SECTION X

##### STABILITY/REACTIVITY INFORMATION

Stability: Stable  
Conditions to avoid: None known  
Incompatibility/Materials to avoid: strong oxidizing agents; strong inorganic acids  
Hazardous Combustion/Decomposition Products:  
Carbon monoxide and/or carbon dioxide  
Hazardous Polymerization: Will not occur

#### SECTION XI

##### DISPOSAL CONSIDERATIONS

Vapors may collect in empty containers. Treat empty containers as hazardous.  
Dispose of spill-clean up and other wastes in accordance with Federal, State, and local regulations.

#### SECTION XII

##### TRANSPORTATION INFORMATION

Proper Shipping Name: Ethyl Alcohol  
Hazard Class: 3  
UN Number: 1170

IMO Information: Ethanol or ethanol solutions  
Label of Class: 3  
Packing Group II  
Intermediate flashpoint group

#### SECTION XIII

##### REGULATORY INFORMATION

###### Federal EPA

**Comprehensive Environmental Response Compensation, and Liability Act of 1980 (CERCLA):** No chemicals in this material with known CAS numbers are subject to the reporting requirements of CERCLA

**Superfund Amendments and Reauthorization Act of 1986 (SARA)** Title III requires emergency planning based on threshold planning quantities and release reporting based on reportable quantities in 40 CFR 355 (used for SARA 302, 304, 311, and 312). Based upon available information, this material is classified as the following health and/or physical hazard according to section 311 & 312:

Immediate (Acute) Health Hazard,  
Delayed (Chronic) Health Hazard,  
Fire Hazard.

**Superfund Amendments and Reauthorization Act of 1986 (SARA)** Title III requires submission of annual reports of release of toxic chemicals that appear in 40 CFR 372 (for SARA 313): This material does not contain any chemical components with known CAS numbers that exceed the reporting limits.

**Toxic Substances Control Act (TSCA) Status:**  
All components of this product are listed or are exempt from listing on the TSCA inventory.

###### State Right to Know

The information contained herein is based on data considered to be accurate. However, no warranty is expressed regarding the accuracy of these data or the results to be obtained from the use thereof. It is the user's obligation to determine the conditions of safe use of the product.
